PROFESSIONAL SUMMARY

I am an aspiring software developer. I am a second-year student majoring in software development. I am also enrolled in a software engineering course at ALX to broaden my knowledge and gain more abilities. I enjoy discovering new things and taking on and overcoming challenges. I am learning how to develop software and would like to know more.

COURSES

ALX – Software Engineering Present

- Acquiring the knowledge and skills that employers demand in terms of technical proficiency and job readiness.
- Exposure to a peer group, the discovery of fresh experiences, and the establishment of connections to opportunities that will have an impact.
- Designing and creating computer systems and applications to solve real-world problems.
